

# Sample Inquiry Letter

Dear Parents,

As a project this .....(year, semester, period, week...) we would like each student to write and illustrate their own hardcover books! Not only do these books make perfect gifts but give children an enormous sense of accomplishment and pride. The ability for a student to see his or her artwork and story in print is a fun and exciting way to promote reading skills, creativity and love for books.

The .....(title or subject) we are considering is .....  
.....

- The students get to design their own cover with an about the author section on the back.
- Each book is printed with high quality glossy paper.
- There is no visible difference between the books the children create and the books you would buy from a store.

The cost for each child to receive a book is \$27.00 including shipping. Before we move forward with this project we would like to receive your input.

- Yes, I think this is a great idea
- No, it is not a good idea because...

Thank you for your input,
